

**Thailand Team won at 11th Hitachi Overseas Safety Competition 2017
at Asia Training Center, Thailand**

On 6-9 November, Hitachi Overseas Safety Competition in 2017 was held at Asia Training Center (ATC), Amatanakorn Industrial Estate, Chonburi. For the result of this year's competition, the winner was Thailand Team, Service Technicians from Service center at Pathumwan area.

The Hitachi Overseas Safety Competition was started in 2007 and this is the 11th competition. The competition was mainly held in Japan and this is the first competition held in Thailand since ATC – Asia Training Center opened in January this year.

The competition is aimed to reduce the work-related accident by enhancing safety awareness among Hitachi engineers. Participants for this year are 16 engineers from 8 countries. And the winner team who get the highest score will be “Safety Promoters” who will be in charge of enlightening safety awareness and suggest solution for safety related issues to their company.
