

Hitachi Elevator & Escalator supports Thailand Property Awards 2020

Mr. Prakasit Phornprapha, director of Hitachi Elevator (Thailand) Co., Ltd. presented Best High Rise High End Condo Development (Bangkok) award to RHYTHM Charoenkrung Pavillion by AP (Thailand) Public Company Limited, Best Luxury Condo Development (Bangkok) award to Park Origin Phayathai by Origin Property Public Company Limited and Best Condo Development (Thailand) award to InterContinental Residences HuaHin by Proud Real Estate Public Company Limited at PropertyGuru Thailand Property Awards 2020 Gala Dinner and Award Ceremony, supported by platinum sponsor Hitachi Elevator & Escalator, which was held on Nov 18, 2020 at The Athenee Hotel, a Luxury Collection Hotel, Bangkok.

PropertyGuru Thailand Property Awards is the biggest award programme and most prestigious industry accolade recognizing the kingdom's finest real estate.

This year is 15th anniversary for the programme and there were award winners in 44 categories. It is the 3rd year for Hitachi to support the programme to contribute to Thailand real estate market as a part of the industry.

Mr. Prakasit said "It is honor to celebrate the winners as a main sponsor. Hitachi Elevator & Escalator emphasizes strongly on "Safety" and "Quality". It is not just about the product but also work process and aftersales services through the long lifetime of the products as well. Our product and services provide safety, security and comfort for people using buildings.

And likewise other industries, elevators and escalators have also entered a new era by collaboration with technologies such as IoT and AI. It is no longer one of the building facilities but also important key to make your buildings more attractive not only for users but also for the owners".

Hitachi Elevator & Escalator supports the programme in 4 other countries out of Thailand this year in Indonesia, Philippines, Cambodia and Myanmar this year.

"Through the years, Hitachi has played an important part of Thailand property industry, by moving people continuously. And in the future, we will continue to contribute to the further growth of the industry by collaborating with partners."

Mr. Prakasit added.
